General Manager Nettleton and other officials of the Memphis route were in Joplin Tuesday and Wednesday looking after the company's interests there.

Owing to the absence of Rev. M. E. Bramhall and the consequent lack of a quorum the board of education could not hold its regular meeting this week.

The Galena Times says the Missouri Pacific has made its survey from Joplin to Galena and will be running trains between the two points in three months.

The butter and cheese factory is in more trouble. It has been found that good butter cannot be made without good ice, and ice is almighty scarce just at present.

Owing to a little irregularity in the News branch house in Kansas City through which the paper did not arrive on time by 24 hours we are necessarily a day late with this issue.

The question whether or not Stone & Gove shall have a right to open the Baxter dam and allow the water to go on its way rejoicing and unimpeded will be discussed before Judge McCue at Oswego to-day.

The M. E. Sunday school had a most delightful picnic at the beautiful home of C. C. Caruth and wife northwest of the city Wednesday. A number of boats were placed on the pond and in these and the many other outdoor sports the children had a royal time.

County Lecturer L. A. Rorick will address the Blue Mound Alliance next Monday evening, Willow Creek Alliance Tuesday evening, Grace Hill Alliance in this city Wednesday evening, Varck Alliance Friday evening and Neutral Alliance Saturday evening of next week.

The G. A. R. post of this city recently presented the public school with a fine silk flag worth \$25. A flagstaff was erected on the highest part of the school house and the flag raised at the close of school April 25. The presentation speech was made by Col. Alex. Warner.

John R. Tucker Wednesday evening caught the dad fish of all fish. It was a wall-eyed pike and tipped the beam at six and a quarter pounds. It required the whole of a 75-foot line and several minutes careful management to land the fellow, but it was nicely done. When John recovered consciousness he found that the fish had bitten him badly in two fingers.

Uncle Geo. W. Koutz sustained a severe and almost fatal stroke of paralysis early Monday morning. As he returned from the stable and just as he entered the back door of his residence he fell heavily and lay on the floor helpless until his wife could get aid to assist him to a bed. Restoratives were administered at once, but with little effect. His entire right side is paralyzed and beyond his control.

The entertainment given at the city hall Monday evening by the Christian Literary Society of Galena was quite poorly attended by Baxter people for some reason which we are unable to explain. The entertainment was a very creditable one, the price reasonable and the object a worthy one, and we are unable to see why so cold a reception should have been given our Galena friends. They have always treated our people well when there and the favor should have been reciprocated. There were ten rigs here from Galena and Lowell which brought about one-half of the audience besides those taking part in the performance. The elocutionary part of the program was given in an excellent manner.

On last Friday morning the city marshal sent Dr. Duncan's dog to the happy land of Canine via the powder and ball route. While the dog showed no symptoms of rabies yet he had been badly hurt in a rough and tumble fight and as a preventive of this terrible malady it was thought best to have him killed thus allaying all fears of hydrophobia and at the same time doing a christian act by putting him out of his misery. "A stitch in time saves nine," and as the mad dog season is near at hand the people cannot be too watchful and whenever a dog gets in the least out of whack he should be immediately dispatched to that land from which no worthless cur ever returneth.

Col. Alex. Warner and son are getting along splendidly with their windmill waterworks enterprise. The pipes were all laid from the well to the residence this week, the Banner wind engine or wheel, was put in place on the tower yesterday and the tank is being erected on the rear of Benj. S. Warner's residence lot. The tank will hold 115 barrels of water and will be placed at a height of 50 feet. T joints have been put in all along the pipe line so that others who may desire to have the water put into their residences can do so at a very slight expense.

It has been reported about town this week that the Missouri Pacific officials had asked the mayor and council to give that company a right of way through the streets of Baxter Springs and that the city dads had refused to grant it. There is not one word of truth in the report. The request for right of way has not been made, but whenever it is made we are certain the city officials will be only too happy to grant the railway anything that it may desire in the way of right of way and depot grounds. Such reports are silly in the extreme.

Mrs. Mary E. Griffith, president of the Woman's Home Missionary Society of the Kansas conference, will speak at the M. E. church Monday evening on Home Missions; will hold a "Nail Service" at 4 p. m. Tuesday and will address the people at 8 p. m. Tuesday from the topic "Our Girls, Their Worth or Worthlessness." Mrs. Griffith is a pleasing speaker and should have a good audience at each service.

The sacraments of baptism and the Lord's supper will be administered at the Presbyterian church on Sunday morning. Any who may desire to have their children baptized will have the opportunity of doing so at that time. Those wishing to unite with the church will have an opportunity of meeting the session on Saturday evening or Sunday morning before the service. JAS. T. COOPER, Pastor.

The butter and cheese factory has been in operation on a small scale this week, working on cheese much of the time. It was found that the "inspiration" part of the machinery heated the milk too much so that good butter could not be made except with the use of considerable ice. New parts have been ordered to correct the fault and it is to be hoped everything will be running smoothly ere long.

Kansas City Globe: About June 1 a new night train will be put on the Kansas City, Fort Scott and Memphis road between Kansas City, Pittsburg, Kan., and Joplin, Mo. Chair cars for this train are now being manufactured by the St. Charles company and they will be completed and brought to this city in two weeks. The train will prove a great accommodation to a large number of people.

The Austin shaft was measured Tuesday by W. E. Donaldson and J. M. English who by affidavit declared it to be one hundred feet and five inches deep. Mr. Austin declares his intention of going another hundred feet with a core drill. The indications at the bottom are such as to give considerable encouragement to the hope that a body of mineral will be found a few feet further down.

MEMORIAL DAY.

Preparations are being made for the regular annual celebration of Memorial Day at the national cemetery near this city on May 30th. Col. T. B. Haughwout of Carthage, Mo., who made several rousing speeches during our soldiers' reunion last fall, one of which was immediately following Senator Ingalls' address, has accepted an invitation to speak here on that day. He is an eloquent and interesting speaker and will certainly be here, as will be seen by the following letter:

CARTHAGE, Mo., May 7, 1890.
Comrade Brown, Baxter Springs:
Dear Sir: Your kind invitation to deliver an address at your place on Decoration Day has been received, and in reply will say that I cheerfully accept the same. As to charges I make none. While I am like a great many of our comrades, not in affluent circumstances, I would feel that I was indeed forgetting the past were I to ever exact anything from the old boys for my services in assisting in remembering on that day our dead comrades. All I will ask is my actual expenses.
Yours in F. C. and L.
T. B. HAUGHWOUT.
